Welcome to The 19th Annual International Business Awards® ceremony, celebrating Stevie winners around the globe. This competition was open to all organizations worldwide: large and small, public and private, for-profit and nonprofit. The 2022 competition attracted more than 3,700 nominations from organizations of all types in 67 nations. This year about 34% of these nominations became Stevie® winners. Winners were determined through more than two months of judging by the average scores of more than 300 professionals worldwide. Every organization in attendance tonight will be called to the stage once – in the order in which they reserved tickets – to accept their Stevie® Awards and to make a brief acceptance speech. The presentations will be broadcast live via Livestream.

Stevie Awards competitions receive more than 12,000 nominations each year from organizations of every type in more than 70 nations. The International Business Awards is one of eight different Stevie Awards programs, all of which recognize achievements in the workplace. Our other programs include The American Business Awards®, the Asia-Pacific Stevie Awards, the Middle East & North Africa Stevie Awards, the German Stevie Awards, the Stevie Awards for Women in Business, the Stevie Awards for Great Employers and the Stevie Awards for Sales & Customer Service. We invite you to learn about them all at [www.StevieAwards.com](http://www.StevieAwards.com).

We congratulate you once again for winning a Stevie Award in The International Business Awards. Best wishes for continued success!

Cordially,

*Maggie Miller*
