Teeny Tiny Homes is a family-owned and operated business based in Caboolture, Queensland. Founded in 2016 by CEO David Antonacci with the mission to make homeownership a reality for Australians from all socioeconomic backgrounds.

Equipped with 15 years of entrepreneurial experience, and fuelled by a personal passion for affordable housing, David began the business by renovating transportable granny flats. Over time, he transitioned to designing and constructing custom-made tiny homes using premium materials to create functional, durable, and beautiful spaces. This approach remains at the heart of Teeny Tiny Homes’ operations today. David’s vision and dedication to customer satisfaction has transformed Teeny Tiny Homes into a leading provider of affordable, high-quality tiny homes in Australia.

In its first year of operation, Teeny Tiny Homes delivered 65 buildings, surpassing its initial projections by 30%. This early success underscored the huge demand for affordable housing solutions in Australia. Since then, the business has delivered over 300 high-quality, custom-built tiny homes and transportable buildings to customers across the country. As demand continues to increase, Teeny Tiny Homes relocated to a larger facility in 2022 to accommodate its increased production capacity, and tripled its production, from 4 to 12 homes built per month.
