a. Briefly describe the nominated organization: its history and past performance (up to 200 words). Required

Established by the Consumer, Small, and Business Banking (CSBB) L&D team, CSBB College is a groundbreaking initiative that transformed professional development within Wells Fargo. This team launched CSBB College to create structured development pathway for its 41,566 employees across 178 roles and 13 CSBB businesses.

Before this, the CSBB struggled with a lack of clarity and organization in professional development, making it difficult for employees to align their growth initiatives with their career goals:

• Overwhelming Options: Employees were often overwhelmed by the need to sift through thousands of educational options to find opportunities that aligned with specific skills.

• Limited Exposure Opportunities: Employees struggled to identify exposure opportunities and experiences to help their performance in current roles or prepare them for future roles.

• Time-intensive planning: Building a development plan required significant time commitment with limited information about career pathways and job profiles

• Lack of starting points: Employees frequently didn't know how to start a development plan. Managers often lacked the knowledge and training to guide their employees towards creating actionable plans.

• Stifled mobility: There was a missed opportunity to promote employee mobility and reduce attrition, as employees had limited resources to support their career advancement.

b. Outline the team's or organization's achievements since the beginning of 2022 that you wish to bring to the judges' attention (up to 250 words). Required

Since its establishment in 2023, CSBB College has quickly demonstrated it impact on Wells Fargo's approach to employee development.

In just 36 days post-launch, the CSBB College's achievements include:

• 14,175 User Profiles Created, Representing 34% of CSBB Employees: Employees created their user profiles and actively leveraged CSBB College to navigate their career paths. In addition, 1,365 non-CSBB employees built a user profile since the platform is open to everyone at Wells Fargo, reflecting a need for skills and career pathing outside of CSBB.

• 80K+ Development Activities: Employees linked over 80,000 activities to their development plans, encompassing 6,045 experience activities, 5,876 exposure activities, and 68,604 education activities.

• 558 Demonstrations Conducted: CSBB executives and managers conducted 358 virtual along with 200 in-person demonstrations, highlighting the CSBB College's functionalities and capabilities.

• Robust Implementation Plan: Featured executive leadership endorsements, informative articles, strategic advertisements, engaging video messages, practical "how-to" videos, live demonstrations, and job-aids.

Monthly Self-Development Huddles: Fostered employee engagement with CSBB College by encouraging active participation and adoption of the development tools.

• Strong Legal Partnership: Ensured that all aspects of CSBB College aligned with HR policies. This also facilitated the provision of meaningful and realistic activities, complete with clear guidance on employee expectations and time commitments, reinforcing compliance and practicality in all development initiatives.

c. Explain why the achievements you have highlighted are unique or significant. If possible compare the achievements to the performance of other players in your industry and/or to the team's or organization's past performance (up to 250 words). Required

CSBB College is a significant leap forward in the banking industry, setting a new benchmark for interactive and comprehensive career planning tools. The platform provides clarity and direction in career development and integrates core HR tools to stream performance management. The following achievements highlight our leadership in the banking industry for employee development activities:

• Comprehensive Integration with Workday: CSBB College seamlessly connects with Workday, allowing for an integrated approach to documenting performance management and development conversations. This facilitates a holistic view of employee development within the organizational framework.

• Unique Interactive Career Planning: CSBB College distinguishes itself as a unique, interactive tool for career planning within the industry. It includes skills paths covering 182 roles, 177 skills, and 121 competencies, promoting career mobility. This breadth allows employees to effectively plan and document their development journeys in Workday, making it a critical tool in employee retention, mobility and satisfaction.

• Promotion of a Continuous Learning Culture: CSBB College exemplifies Wells Fargo's commitment to developing a culture where employees are encouraged to grow and thrive. It meets employees where they are in their career journey, providing them with the resources needed to plan and execute their development, fostering internal mobility and reducing attrition.

• Organizational Impact: Wells Fargo's investment in CSBB College enhances individual career journeys and strengthen the organization overall. It underscores Wells Fargo's leadership in employee development in the banking industry.
