"Feel the Teal" is our sense of pride and passion for our brand, work, community and employees. To protect and maintain our rewarding culture, it is imperative that we select positive, energetic and committed individuals who embrace the same passion for their work and exude this energy outward to provide exceptional service to our customers and the community.</p> <p>SDCCU is an engaged community partner and is proud to support non-profit organizations throughout Southern California. Periodic opinion polls are opened for staff participation and at certain times of the year employees are given the opportunity to give thanks and share kind words regarding their SDCCU peers. The results of these engagement activities are then posted on the Team Teal Central page for employees to view. Team Teal Central helps to paint a picture of life at SDCCU.</p> <p>In the summer of 2024, SDCCU completed the Go Gold Wellness Challenge, a digitally-enhanced wellness program where SDCCU employees recorded one or more energy-boosting activities each day to earn points and earn bronze, silver or gold medals while traveling through the locations and history of the Olympic Games. c. Explain why the achievements you have highlighted are unique or significant. If possible compare the achievements to the performance of other players in your industry and/or to the organization's past performance (up to 250 words). Required

The SDCCU employee engagement and wellness strategies are created to align with overall business objectives using the prior year's strategy and results, as well as employee participation and feedback to enhance and refine the organization's approach to wellness. The results and participation are significant because of our organizational goal to engage employees, foster a healthy workplace environment and be the employer of choice for many.

At the conclusion of the 2024 Go Gold Wellness Challenge program, 398 employees logged 132,244,226 activity steps during the challenge. Weekly prize drawings enticed participants to track more activity.

SDCCU also understands that employee morale grows when our team sees an opportunity to advance within the organization. That ripple effect can be overwhelmingly positive and continues to build our internal culture as well develop our high caliber team. SDCCU has celebrated the promotion of more than 260 employees across all departments since 2023. This number equates to more than 27% of our employee base! Promotions are celebrated across the organization monthly and showcased on our intranet site for additional recognition by peers and executives. It's just one more reason SDCCU stands out amongst our peers and is a desirable place to work for many.

Management has additionally expanded virtual financial education offered to our communities and aligned our outreach with the Consumer Financial Protection Bureau's (CFPB) consumer education efforts. The part that SDCCU plays in building a better financial future for our communities is a source of pride and purpose for our teams.
