These achievements are the result of teamwork, dedication, and the level of commitment shown by every member. In 2024, we faced a significant staffing and operational crisis that required us to rebuild internal processes from scratch, hire new employees, onboard them, and ensure every new specialist was brought up to speed. This crisis unfolded in parallel with our technological development and market expansion into the U.S. and MENA regions.

The crisis was successfully. Following this turning point, we've been actively strengthening internal communication and fostering a supportive work environment through several initiatives:

1/Our HR conducts regular surveys and assessments to identify early signs of burnout or drops in motivation.

2/To maintain team engagement, employees independently organize knowledge-sharing sessions where they teach colleagues both professional and personal skills.

3/A culture of gratitude is thriving — every month we release a bilingual digital digest where team members share kind words and thank each other for their contributions.

4/At the end of each quarter, we publish a bilingual internal magazine — in Russian and English — since a part of our team is Russian-speaking. The magazine is titled ORKoshka, a playful combination of "OKR" (Objectives and Key Results) and okroshka, a traditional Russian cold soup.

5/We host strategic off-site retreats to focus on business growth and team development. For example, our team is currently working from sunny Sri Lanka, planning future initiatives while enjoying the Indian Ocean.

d. Reference any attachments of supporting materials throughout this nomination and how they provide evidence of the claims you have made in this nomination (up to 250 words). Optional

At Reputation House, every milestone we achieve begins with people. Our success is not just about platforms or awards — it's about the culture we've built and the dedication of every team member who believes in our mission.

In 2024, we faced a major internal challenge: a staffing and operational crisis that required rebuilding processes, onboarding new specialists, and restoring team momentum. At the same time, we were expanding into new markets and launching advanced tech solutions. The way our team adapted and delivered during this time proved one thing — a supportive, motivated culture drives business breakthroughs.

Our efforts are rooted in creating a healthy, growth-focused environment. From regular wellness check-ins and peer-led learning sessions to a monthly gratitude digest and quarterly magazine (ORKoshka), we foster collaboration and care. Strategic retreats — like our current one in Sri Lanka — ensure our team feels seen, heard, and aligned.

This culture powers our innovation. In the past year, we launched platforms like Reputation House Scan, ICC Account Control Center, and Reputation Check, helping businesses manage digital risks with speed and precision.

We became the most awarded reputation management company in the UAE and MENA, with 7 international awards — including a Stevie® Award. With 300% revenue growth, we're expanding globally, but our foundation remains the same: people first, always.

Reputation House is more than a company — it's a community of professionals shaping the future of reputation management with heart, purpose, and impact.
