If you are submitting written answers to the questions for this category, provide them in the spaces below:

3. Briefly describe the nominated individual: background and work history (up to 200 words):

Total 187 words used.

Dr. Adeeti Gupta has been a practicing OBGYN in the NY area for over 15 years. After seeing the deficiencies in Women's health care, she turned on her entrepreneurial spirit and founded the First Ever Walk IN GYN centers for Women's health in the country. She pioneered this concept and is excited to take this across the nation and the globe. Caring for all women with compassion and women's empowerment through preventative holistic health care are some of the core values that she promulgates.

Through her training in India, UK and the United States, she has amassed a vast skill set and knowledge base that she believes in sharing with the current generation of Women's health providers. Education is the path to a better society. Hence, she is actively involved in teaching OBGYN residents, mentoring students, nurse practitioners, physician assistants and other providers to improve access and quality of women's health by education one small step at a time.

During her free time, when she is not busy churning out educational content for her blogs, books, and other websites, she likes to exercise, paint, read, and write.

4. Outline the nominee's achievements that you wish to bring to the judges' attention (up to 250 words):

Total 170 words used.

Dr. Gupta is a Presidential Leadership Scholar and is striving to change women's health for a better future for all. Her Presidential Leadership project was to expand the stellar services provided by Walk IN GYN Care across the country. In the last 4 years, Walk In GYN has expanded from 3 to 7 bicoastal locations and from 30 to 100+ employees.

She leads the organization by example focusing on providing comprehensive, immediate and compassionate care to all women when they need it!

In addition, Dr. Adeeti Gupta believes in empowering women through education. She has founded Learn GYN, an educational platform designed for women and health care providers. She has lectured business students at the Georgetown university, at various university centers and was the director of performance and quality improvement at Flushing Hospital Medical Center from 2018 to 2023.

In Dr. Gupta's continuing efforts to help people be the best versions of themselves, she recently released an all-in-one toolkit called "Reflection: Reflect your way to a saner stronger you."

6. Explain why the achievements you have highlighted are unique or significant. If possible compare the achievements to the performance of other players in your industry (up to 250 words):

Total 247 words used.

Walk In GYN Care provides comprehensive same day women's health services so all women can get right back to being the super humans they are. The first Walk IN GYN Care center was born in the heart of New York in 2014. By providing walk-in services, we have been able identify hundreds of cases of breast, cervical, and ovarian cancers - that may have otherwise gone un-detected for YEARS ... We're curing thousands of STDs that are known to cause newborn deaths ... We're reducing emergency room visits by 40% ... And ... we're reducing the epic financial burden that our healthcare system is suffering from. We are open evenings and weekends to enable the busy women of today receive the care that they deserve.

Since 2014, we have expanded from one location in Manhattan to 6 bicoastal locations in NYC and Los Angeles. We also have a state of the art fully accredited surgical center where we can provide ambulatory women's health surgical services in a private, safe and compassionate environment. In 2014, we served about 2000 women annually and in 2024, we served 59406 women, of which 28842 had just walked in the same day without an appointment. These astounding numbers speak for themselves. In addition, we have over 3000 4.5 + star reviews of happy patients. We were also awarded rank 2198 - INC 5000 award in 2019 for fastest growing business. None of this possible without Dr. Gupta, our fierce CEO and leader.
